SELECTED FOR THE SEASON

The second half of the year brings many opportunities to create meaningful brand moments – from seasonal campaigns and client appreciation to festive gifting and end-of-year promotions. Useful, customisable gifts help brands stay present in everyday routines, shared experiences and moments of recognition.

From drinkware, decorations and treats to practical accessories, games and everyday favourites, these products offer flexible ideas for many audiences and occasions. Carefully selected for visibility, usability and appeal, they turn simple gestures into memorable impressions.

be Creative MADE IN EU

The BE CREATIVE collection offers a more expressive approach to product customisation. Selected items can be decorated with full-colour graphics across the whole surface, making them ideal for patterns, vivid artwork and distinctive branded designs. Manufactured or assembled in Central-European production facilities, they combine creative freedom with short delivery times, low minimum order quantities and practical campaign flexibility.

GO GREEN

The GO GREEN selection brings together products chosen according to defined material-related criteria. Selected items may include recycled content, renewable natural materials or other specified material features, making them practical options for everyday use and branded campaigns where material choices matter. Product details help identify the relevant material attribute behind each item, while functionality, design and customisation remain in focus.

VARIABLE NAME PRINTING

Make it personal with our new variable name printing option! This feature allows you to customise each product with an individual name – ideal for bottles, mugs and many more everyday favourites. It's a simple way to turn branded items into something that feels personally chosen: gifts that people are more likely to keep in their daily routine.

Name printing is applicable to the following technologies:

UV LED printing
Rotary UV LED printing
Engraving

CREAPACK CUSTOM PACKAGING

CreaPack is a custom packaging solution that turns printed products into complete gifts. Matching boxes and sleeves can be fully printed in full colour, so the packaging carries the same design language as the item inside. This creates a consistent look from the first glance and adds an extra, highly visible branding surface to every order.

BOX AND SLEEVE OPTIONS

The range currently includes white and kraft paper boxes for a wide variety of products, plus matching sleeves for selected items where the original packaging remains visible or is part of the presentation. For premium or fragile gifts, we offer corrugated cardboard boxes that gives extra protection without losing print impact. CreaPack options are continuously expanding, giving you more and more ways to tailor the packaging to each campaign.
