# A dropshipping service.

**We take care of everything, you don't have to worry about a thing!**

It's the easy solution for delivering directly to your customers, whether at their business or home address.

We manage the preparation of parcels, delivery and after-sales service for your orders. A turnkey service made possible by our integrated logistics.

## Brands.

**LIVOO**

The Feel Good brand for lifestyle in the home

marmiton

X

**LIVOO**

Collaboration that reinvents home cooking with creativity and shared enjoyment

**X**  
moove

The brand specialising in high-tech and mobility

**Onli**

The brand for budget-friendly products for the kitchen, home, high-tech and leisure

# Printing techniques.

## 01.

### UV DTF - (Direct To Film)

High-definition digital Marking on film, transferred directly onto rigid or semi-rigid substrates.

Thanks to integrated UV drying, the inks retain excellent resistance and colour fidelity, even on complex surfaces.

## 02.

### Textile DTF - (Direct To Film)

High-definition Marking on film, transferred to fabric by heat pressing.

Vivid colours, precise details and excellent wash resistance.  
Compatible with many fabrics, for quick and durable customisation of clothing, bags and accessories.

## 03.

### Green laser

Eco-friendly, precise and durable marking, without ink or solvents.

Clear engraving on wood, metal, leather, plastic, etc.  
Ideal for high-end marking, with a premium finish and total respect for the materials.

# Table of contents.
